Mrs. George E. Sherman of Brattleboro, who was returning home from Boston, where she had been ill with pneumonia poisoning, was badly injured Saturday while being brought home by auto; the car in which she was riding having to turn out to make room for a light racing car and in so doing, striking a hidden rock, which threw those on the back seat high into the air. Mrs. Sherman's foot caught in the robe rail and she fell on her back across the door of the tonneau. Her back was badly strained and she is confined to the bed.

Half dollars, quarters and dimes of a new design have been put in circulation, all of which are considered more artistic than the old ones. The new 50-cent piece bears on one side the figure of the Goddess of Liberty, holding a bunch of olive branches, with a spread eagle on the opposite side; the new quarter has the figure of a woman coming through a gate in a wall and on the reverse side an eagle in flight. On one side of the new dime is the head of a woman and on the other a bundle of Roman faces tied tightly together and an axe nearby. The new dime is of a sharper cut than the old. It is about a month since the mints of Philadelphia, Denver and San Francisco began turning out the new coins.

Had he lived a few days longer he would have been 86 years old. He was town treasurer from 1872 until 1905, when he withdrew in favor of his son.

Harry Schumann, a native of Brattleboro and later a resident of Worcester, Mass., has just signed a contract with the Deutsche Landes theatre in Prague. It was Mme. THE KEY.

Miss So-and-so was about sixty years old and still teaching school. It came about that her class had to be vaccinated according to law. They made a terrible fuss about it.

"Oh, please," said Miss So-and-so to them, "that's nothing. Why, I've been vaccinated twenty-one times."

"Is that once every seven years, Miss So-and-so?" asked James from the front row eagerly.

And then the class began to figure with their fingers in the air.—New York Post.

Architecture.

A distinguished philosopher spoke of architecture as frozen music, and his assertion caused many to shake their heads. We believe this really beautiful idea could not be better reinterpreted than by calling architecture silent music.—Goethe.

His Choice.

"A bad beginning means a good ending."

"That may be, but if I can have my choice I'll take the fine start every time."—Detroit Free Press.

TAKE IT IN TIME

Just as Scores of Bennington People Have.

Waiting doesn't pay.

If you neglect kidney backache, urinary troubles often follow.

Doan's Kidney Pills are for kidney backache, and for other kidney ills.

Bennington citizens endorse them.

George C. Woodward, stationary engineer, 314 School St., Bennington, says: "For twenty years, I was a locomotive engineer and this work affected my kidneys. I suffered from dull, heavy pains in the small of my back. When I got up in the morning, I was so lame and stiff that I could not stoop. The kidney secretions were also annoying, particularly at night. I heard a great deal about Doan's Kidney Pills and procured a supply at Cole's Drug Store. Although other remedies had failed to help me, Doan's Kidney Pills brought prompt and effective relief. I now have no backache and my kidneys are normal."

OVER FIVE YEARS LATER, Mr. Woodward adds: "The Cure Doan's Kidney Pills made in my case was permanent. I will always recommend them when an opportunity occurs."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Woodward has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.
